## Unified Synthesis Product

Report by the U.S. Climate Change Science Program  
and the Subcommittee on Global Change Research

Edited by:

Susan J. Hassol, Thomas R. Karl, Jerry M. Melillo,  
and Thomas C. Peterson

First Draft, July 2008

**Executive Summary** ..... 4

- Key Findings ..... 4
- Summary of Impacts by Sector ..... 8
- Summary of Impacts by Region ..... 10
- Response Strategies ..... 12

**About this Report** ..... 14

**Global Climate Change** ..... 16

**National Climate Change** ..... 32

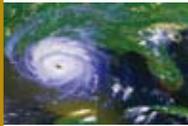

**National Level Climate Impacts**  
*Climate Change Impacts by Sector*

-  Society ..... 42
-  Human Health ..... 52
-  Energy Production and Use ..... 62
-  Transportation ..... 72
-  Water Resources ..... 84
-  Agriculture and Land Resources ..... 94
-  Natural Environment and Biodiversity ..... 106

**Regional Climate Change Impacts..... 118**

-  Northeast..... 120
-  Southeast..... 124
-  Midwest..... 128
-  Great Plains..... 132
-  Southwest..... 136
-  Northwest..... 140
-  Alaska ..... 144
-  Islands..... 148
-  Coasts ..... 152

**Complex Interactions..... 156**

**Response Strategies Revisited: focus on Adaptation..... 160**

**Pathways to Improved Understanding..... 162**

**Biographies ..... 164**

**Figure Sources and Photo Credits ..... 172**

**References..... 174**

DRAFT

## FEDERAL EXECUTIVE TEAM

Acting Director, Climate Change Science Program: ..... William J. Brennan

Director, Climate Change Science Program Office: ..... Peter A. Schultz

Lead Agency Principal Representative to CCSP;  
Deputy Under Secretary of Commerce for Oceans and Atmosphere,  
National Oceanic and Atmospheric Administration: ..... Mary M. Glackin

Product Lead, Director, National Climatic Data Center,  
National Oceanic and Atmospheric Administration: ..... Thomas R. Karl

Synthesis and Assessment Product Advisory  
Group Chair; Associate Director, EPA National  
Center for Environmental Assessment: ..... Michael W. Slimak

Synthesis and Assessment Product Coordinator,  
Climate Change Science Program Office: ..... Fabien J.G. Laurier

Special Advisor, National Oceanic  
and Atmospheric Administration ..... Chad A. McNutt

This Synthesis and Assessment Product described in the U.S. Climate Change Science Program (CCSP) Strategic Plan, was prepared in accordance with Section 515 of the Treasury and General Government Appropriations Act for Fiscal Year 2001 (Public Law 106-554) and the information quality act guidelines issued by the Department of Commerce and NOAA pursuant to Section 515 <<http://www.noaanews.noaa.gov/stories/iq.htm>>. The CCSP Interagency Committee relies on Department of Commerce and NOAA certifications regarding compliance with Section 515 and Department guidelines as the basis for determining that this product conforms with Section 515. For purposes of compliance with Section 515, this CCSP Synthesis and Assessment Product is an “interpreted product” as that term is used in NOAA guidelines and is classified as “highly influential”. This document does not express any regulatory policies of the United States or any of its agencies, or provide recommendations for regulatory action.
